

30 FOREST BEHIND

DFAP ARCHITECT DESIGN STUDIO

THE EXISTING SITE HAS A FOREST BEHIND THE PROJECT AND THIS PROVIDES THE BEST VIEW FOR EVERY FUNCTION. THE MASTER PLAN IS DESIGNED AS AN OPEN SPACE IN ORDER TO TAKE IN THE VIEW AND BRING IN NATURAL GREENERY OF THE FOREST INTO THE PROJECT. THE LOBBY ENTRANCE CANOPY IS METAPHORICALLY DESIGNED TO LOOK LIKE A CITY GATE AND THIS MAIN ENTRANCE WELCOMES GUESTS ALSO TO ENJOY THE NATURE BEHIND. THE TWO HOTEL BLOCKS LAY ON THE LONG SIDE OF THE BUILDING TO TAKE IN BREEZES FROM THE SOUTH, AND THE NARROW SIDE FACES TOWARDS EAST AND WEST TO PREVENT HEAT FROM THE SUN. EACH ROOM OPENS TO VIEWS OF THE POOL AND THE LANDSCAPE OF THE FOREST AT THE BACK.
